Seastrom Manufacturing Company, Inc.

About Us

Seastrom Manufacturing Co., Inc. is a U.S. manufacturer of precision stamping along with standard and custom assembly hardware located in Twin Falls, Idaho. Seastrom has earned the distinction as an approved supplier for most major aerospace, automotive, and commercial manufacturers. Seastrom offers several custom capabilities including Precision Stamping, CNC Machining, Multi-Spindle Screw Machining, Four-Slide Process, Waterjet, Laser Part Marking & Engraving, Special Packaging, and Engineering assistance in developing parts that will increase value and lower costs.

Seastrom Manufacturing's investment in manufacturing capabilities and certifications assure each customer the highest level of precision. Seastrom Manufacturing is DFARS, REACH, RoHS, Nadcap, PPAP, and ITAR compliant, and is ISO9001 and AS9100 certified.

Opportunity: ESTIMATOR - Full Time, Part Time, Flexible Schedule

The **Estimator** completes customer-requested quotes for manufactured products using various software, vendor quotes, and pricing, often in a fast-paced environment. Consistently follows processes and schedules independently, with periodic interaction with manager and others while following our core values of maintaining relationships in a team environment modeling professionalism, interpersonal skills, problem solving, adaptability, and personal value commitment.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following:

- Provide simple and complex written and spoken communication.
- Provide timely and accurate quotes to achieve the goals and objectives of the department.
- Complete quotations according to departmental processes and procedures.
- Ability to learn how to read outside process pricing from vendors' communications.
- Properly route logged quotes using company routing program.
- Actively participate in meetings.
- Assist all departmental personnel when requested by supervisor.
- Give updates on the status of quotes.
- Ability to read and comprehend complicated blueprints and military specifications.
- Communicate regularly with the engineering department to analyze complicated parts.
- Complete no-bid communication as requested.
- Maintain excellent organizational and time management skills.
- Perform with attention to detail and accuracy.
- Load pricing into the system.
- Calculate lead-times for products.
- Other duties may be assigned.

QUALIFICATIONS:

- Must be at least 18 years of age.
- Must meet "US Person" criteria per ITAR compliance regulations.
- Associate's degree in engineering or equivalent combination of education and experience.
- Experience in a relevant field preferred but not required.
- Previous cost-accounting background preferred
- Proficiency in using the Internet and Microsoft Office applications.
- Strong Excel skills involving the creation and execution of formulas and equations.
- Experience in manufacturing a plus.
- Experience with materials, finishes, and heat treats a plus.
- Experience with MRP systems a plus.
- Ability to read, write and speak the English language with comprehension skills sufficient to understand safety standards and job performance expectations.
- Ability to add, subtract, multiply, and divide in all units of measure, using whole numbers, common fractions, and decimals. Convert units of measure efficiently (e.g., price-per-sheet to price-per-pound, and between metric and standard units). Some skill with geometry and trigonometry.
- Ability to interpret instructions which may be furnished in written, oral, diagram or schedule form.
- While performing the duties of this job, the employee is required to talk and listen. The employee is required to sit for extensive lengths of time. Specific vision abilities required by this job include close vision, depth perception and the ability to adjust focus.
- The noise level in the environment is quiet to moderate.
